CUSTOMER TESTIMONIAL

"CESO is proud to be one of Daisy Pops first corporate clients. We have been sending our customers cake pops for a few years and they love them! The creative designs are much better than a generic box of chocolates and the feedback from our clients is very positive. Amy and team are extremely helpful and have been willing to work with us on our special requests."

Corporate Gifting FAQs

How do the pops come packaged?

All our cake pops are individually wrapped (making them basically the perfect treat to share). If you're shipping them, we always ship 2-Day UPS so your pops arrive in pop notch condition.

What if I want to send a handwritten note or another swag item with the cake pops?

Not a problem, as we can easily include these other items in our pop boxes. You'd just have to get the goods to the Pop Shop in Kent, OH a week before the pops are needed.

Can I schedule my corporate gifts in advance?

Of course. Order as early as you want (even if it's months ahead of time), and then you just tell us what date the pops will be picked up or shipped out.

Do you give bulk discounts?

Absolutely yes! We love when you order lots of pops.

- 500+ pops gives you a 10% discount
- 1000+ pops gives you a 15% discount
- 5000+ pops gives you a 20% discount

If I want a combination of cake pops I don't see available, would you customize a pop pack for us?

Your wish is our command. We would love to make your pop dreams come true no matter what it is. If you don't see something you like on here, please shoot an email to hello@daisypops.com to start the conversation about what exactly you'd like.
